Connecting to Online Resources from Off-Campus

www.philau.edu/library
Navigate to the Library Homepage
www.philau.edu/library
From the database selection menu, Databases By Subject link, or Databases A-Z link, select the online resource you would like to access.
You will be prompted to enter your network userid and password

This will authenticate you and allow you remote access to the Library’s online resources
This is the remote log-in screen from Gutman Library. Enter your network userid and password to be authenticated and connect to online resources.

The database you have requested is restricted to members of the Philadelphia University community holding active network accounts. Please enter your user name and password below:

User name: 
Password: 

Login

If you've forgotten your password, please click HERE to be taken to the password reset page.
Connecting from Research Guides

You can also connect to our online resources via our Research Guides
The same authentication procedure will apply

The links will be in boxes on the guides, similar to this one

- **Avery Index to Architectural Periodicals**
  This is an index and does not have full text. It covers architecture journals from 1930 to the present.

- **JSTOR**

- **Art Index**
  This is an index and does not have full text. It covers a wide variety of architecture, art, and design journals dating back to 1984.

- **Design and Applied Art Index**
  This is an index and does not have full text. Articles here are about design or design-related discipline from a wide variety of sources.

- **Academic Search Premier**
  This broad ranging database contains a lot of full text and is a good place to look for any interdisciplinary topics.

- **Historical Abstracts**

- **SocINDEX with Full Text**

- **ProQuest Research Library**
Do NOT try to connect from the database vendor’s page. You MUST connect via the Library homepage or Research Guides to view the proper authentication screen.
Troubleshooting

Please contact the Help Desk if you have any problems with Remote Access to Library resources.

The Help Desk can assist you with common problems, such as firewalls, internet service provider issues, browser issues, and more.
